**ALERTS!**

THERE IS A YEAR ROUND ALERT FOR COYOTES... But predators have recently been spotted in countryside backyards. They have been and will be looking for food. YOUR SMALL ANI MAL OR CHILD IS NOT FAST ENOUGH.... your pet should be on a leash.

**ALERTS!**

**Yes, it will soon be over and back to normal. Patience is the only thing we can all practice. Start at home**—give yourself an extra 15 minutes, with or without construction, let yourself have that few minutes to take a deep breath and NOT be in a hurry. Be cautious and aware of the people cutting through, they may not know of our recent changes and are not as courteous as we'd like.
